

INTERIOR DESIGNER

EHDD, a national leader in architecture, interior design, urban planning and sustainability, is seeking a full-time Interior Designer to join our team.

At EHDD our interior practice is an integral part of our overall design studio, rather than an isolated design effort. Our interior design begins with creating interior environments that harmonize with the architecture of the building and the exterior environment. We appreciate that the experience of a building is continuous from the path through the landscape, to the building approach, the entrance and the journey through interior spaces. We incorporate that experience of place into our design to create environments that are tailored and appropriate to their surroundings while incorporating surprise and delight.

Job Description:

As an Interior Designer, your role is to facilitate the translation of the client's needs into a beautiful and functional space. Core activities include close coordination with the architectural and consultant team to develop concepts and technical documentation for projects of all sizes and levels of complexity. The ideal candidate will be prepared and eager to participate in all phases of projects, including programming, schematic and design development, construction documents and construction administration phases.

Responsibilities include:

- Programming, concept design, space planning and construction documentation
- Participate in the selection and specification of furniture, materials and finishes
- Work with external consultants, product representatives, fabricators and furniture dealers

Qualifications:

- Degree in Interior Design or Architecture [Interior Design preferred]
- 0-5 years of experience in a design office [Architectural office preferred]
- Proven excellence in design and presentation skills
- General knowledge of interior design practices
- Experience with FF+E is a plus
- Basic understanding of coordination with building systems
- Excellent verbal and written communication skills
- Fluency in Revit, AutoCAD and other 3D modeling software [Rhino/3DS Max]
- Fluency with Adobe Creative Suite
- Proficiency in Microsoft Office Suite [Excel, Word, Outlook, PowerPoint]
- NCIDQ Certification preferred

EHDD offers a great work place environment and interesting building types - including aquariums, museums, academic facilities, laboratories, libraries, student housing and commercial residential developments. We offer competitive benefits, including flex days and support for professional development.

EHDD is an Equal Opportunity Employer. Women, minorities, individuals with disabilities and protected veterans are encouraged to apply.

Please submit letter of interest, resume and samples of your work by e-mail to HR@ehdd.com and reference Interior Designer on the subject line.
